The sweetness you've never experienced, odorless and colorless.

CERTIFICATIONS

FlavourArt produces food-grade flavours and has achieved the most prestigious industry certifications over the years including ISO 9001, ISO 14001, FSSC 22000, BRC&IFS, Kosher, Halal.

FlavourArt flavours are developed and formulated in compliance with the European CE regulations and US FDA regulations.

For extra thoroughness, we have also chosen to use only FEMA GRAS approved molecules, in line with FlavourArt's stringent and reliable approach.

Furthermore, all of our flavours are assigned a Unique Formula Identifier (UFI) code.

CUSTOMIZATIONS

**Let's create your flavour together.
We compound from scratch any single flavour.
The only limit is imagination.
We have more than 1,000 ingredients in our catalog.**

**Our approach is very simple, and is based
on a real understanding of our customers requirements.**

FLAVOURART LAB

FlavourArt is pleased to launch the new project “FlavourArt Lab”. FlavourArt Lab will design bespoke flavours, working step by step together with the Customer, from testing to product evaluation, up to the final production stage, with customized proposals able to satisfy the most demanding requests.

FlavourArt Lab is a mix of skills, technical and product experience that we will put at the service of our Clients to support and assist them in the growth of their business with commercial solutions, exclusive and confidential formulas, based on a relationship of mutual trust that has always distinguished the FlavourArt approach.

For anyone looking for a flavour bouquet different from those proposed in our catalog, FlavourArt provides 30-years experience and expertise to develop custom aroma notes and nuances, quickly and with extreme flexibility in production quantities.
